

Series25[®]

Your Software is Changing....
It's Time to Upgrade to
Something Better!

Is your scheduling system creating more problems than it solves — from double bookings and manual workarounds to SIS integration issues? Series25[®] solves all that and much more!

Switch to Series25 — the Proven Superior, Enterprise-Wide Solution for BOTH Academic and Events Scheduling

Say “Goodbye” to your scheduling nightmares! Only Series25 from CollegeNET gives you one enterprise-wide scheduling platform that combines ALL your academic and events scheduling and resource management, including accurate, real-time reporting, automated communications that keep everyone informed, and a modern user interface that saves you time and resources.

PLUS: Gold-standard customer service, including ON-CAMPUS implementation and consultation — and a dedicated account manager with years of CollegeNET experience.

“Our Series25 Account Manager was our cheerleader, making us feel secure and confident through the entire process. When we went live, our whole day was calm and pain free.”

— Director of University Facilities and Events Scheduling, Montevallo University

Series25®

With Series25 You Will Enjoy:

The Most Robust Event Scheduling System – Hands Down

- Comprehensive scheduling, from simple room requests to complex recurring events with service provider workflows and authorizations
- Event pricing, invoicing, and payment processing
- User-friendly tools for easy, self-service room requests and follow up
- Embedded event forms and availability grids for at-a-glance scheduling
- Custom event contract and invoice creation
- Centralized real-time calendars with event details — everyone stays in the know
- Automated customizable email communications

The Most Efficient Academic Scheduling — By Far

- Optimized classroom placement based on multiple factors including all stakeholders' priorities
- Smart scheduling that automatically prioritizes academic scheduling over events and recognizes date exceptions such as holidays and school closures.
- Seamless integration with ALL student information systems (no 3rd-party outsourcing)
- The industry's fastest SIS integrations giving you automatic, bi-directional data transfers **every minute**
- Unique in-house-built and fully supported interfaces for Workday, Banner, Campus Solutions, Colleague SQL, Colleague Unidata, Ethos, Anthology, Jenzabar, and even Homegrown SIS's
- Continual software updates... instead of the same-old stuff

Since 1979 CollegeNET has delivered world-class web technologies to Higher Education. Only Series25 Scheduling gives you the superior technology, speed, and support you deserve.

Change is coming.... Don't settle for inferior scheduling software when you can easily have the industry's best.

Now's the Time to Switch to Series25!
